Forecast for Wednesday 09 Oct 2024

Weather: Areas of low cloud and a few scattered showers overnight. Cloud will break up through the morning with sunny spells developing. A few showers will also develop between late morning and early afternoon and may turn briefly heavy and thundery. Mainly dry in the evening but turning cloudy with the odd light shower.

Chance of cloud-free hill tops above 600m: 20% becoming 70% during the morning as cloud lifts. Lowering to 40% in the evening.

Low cloud and visibility: Areas of cloud and fog above 300 or 400m overnight and to start the morning then clearing to leave mainly good visibility by the afternoon, but briefly poor in any showers with some patches of fog above 600m. Cloud developing more widely above 600m again in the evening.
